Are you wondering what this Getaway is all about? It is our vision of hand appliquers sitting and stitching together in an intimate setting – learning from each other and having one teacher that we can get to know.

We found the **ELMS** to be just what we were looking for - able to accommodate thirty stitchers with a well-lit room to stitch in, meals, ample bathrooms (ha ha), individual sleeping facilities, and convenient to transportation.

We are ready to go – bursting with eager anticipation!

Won't you join us?

 FEATURING: 

A lovely living room setting for stitching with plenty of windows and natural lighting and
